

Therapy Ideas for Patients Using the Passy-Muir® Valve

Therapy Idea:

Using Application Software (Apps)

Goals:

- Increase interaction
- Increase vocalizations
- Increase verbalizations
- Increase exhalation through mouth

Supplies Needed:

- ✓ iPad, or other tablet or smartphone
- ✓ app such as *Talking Tomcat* or other interactive or dramatic play app

Directions / Suggestions:

Download *Talking Tomcat* or other interactive or dramatic play app. Allow child to engage in app to encourage vocal sounds.

List of other suggested apps for children beginning to make sounds:

Talking Tom Cat

Talking Gina the Giraffe (free)

Ava: My Talking Doll (free)

Talking Pierre the Parrot (free)

Talking Turtle (free)

The Singing Alphabet (\$.99)

Magic Voice (free)

I Hear Ewe-Animal Sounds (free)

BubbleBlow (\$.99)

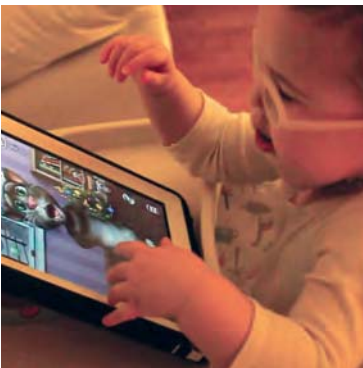

Funny Phone (\$.99)

PeekaBoo (free)

Articulation Station (free trial for sound "p")
