

All courses are one hour in length. **Please visit the website for course descriptions and CEU information.**

Please Note: The live webinars are approved for continuing education credit for speech-language pathologists and nurses only. **Respiratory therapists may still view live webinars for general CE credit.**

Due to the substantial increase — over 100% — in the fees charged by AARC to register live continuing education courses, we no longer provide live webinars for AARC CRCE credit. However, we are continuing to offer **recorded (non-traditional)** webinars that are fully registered for **AARC CRCEs**. Respiratory therapists wanting CRCEs are invited to watch our scheduled recorded programs, visit our on-demand library, or schedule a private webinar for current AARC-registered offerings.
